It Is To Your Interest To Watch The Union Supply Grocery Departments

We want to call your attention to our popular grocery departments. We feel it is greatly to your interest to watch them and participate in the great bargain events that they are giving daily, it is a daily continuous performance. The Union Supply Company stores you understand, are regular department stores. The grocery department is one of our very extensively patronized departments. We have sixty-three stores, remember, all doing à large business. Imagine what that means in groceries. It means carloads of all the different varieties weekly; some lines daily. The cars are distributed to the different stores; the goods are always fresh; the prices are always reasonable. We will not attempt to enumerate or specify the different attractions or bargains. We merely state again, it is to your interest to watch these departments: they are money saving. The prompt service and prompt deliveries are also attractions or inducements for you. Watch these stores and patronize them.

DON'T USE SOAP ON YOUR HAIR

When you wash your hair, don't use soon, Most on us and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and males the hair brittle.

The best thing to use is just plain mulsified cocoanit oil, for this is pure and entirely greaseless. It's very cheap, and bears soaps or anything clse all to pierces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy latter, cleanses thoroughly, and invest out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, ways, and casy to handle. Ecsides, it loosens and takes out every particle of dust, dirt and dandouff.
